

LE CERCLE FRANÇAIS

Société Française de l'Université d'Oxford

Le Cercle Français is an official Oxford University French society created to promote love and interest for French culture and France itself. Everyone is welcome: native, beginner, and everything in between. Come along to our conversation sessions to discuss current affairs, music, literature, or just to have a convivial chat - great for those who want to practice their French. We also host film nights in Pembroke, though subtitles aren't guaranteed!
